To Our fellow Respectful Afghan Americans:

As you may all know that certain corrupt individuals for their own personal interest and financial gain, have hurt our community. Using manipulation and deceit they have damaged our Afghan American Community. As you all are well aware, in the past several years, there has been many Afghan American Community events, tournaments (sports), charity benefits, Afghan New Year's, and so forth.

Community events are for the people in the community, not for PROFIT. It is no secret who the organizers and promoters for many of these community events are, they have hurt the Afghan American Community's integrity, credibility, and spirit. "Mehlaa", a picnic, a type of gathering in which families and friends can get together socialize, not conduct business and profit in the name of community sponsorship. The "Afghan Mehlaa" Afghanistan New Year and the First Day of Spring celebrations, are for all to celebrate and enjoy, it is not for profit. Therefore, in Honor of true community well being and spirit, Mr. Monem Kabir and Mr. Haroun Hebrat, (who is sponsoring this event personally) invites all to come join and celebrate this special day as a community, a "Mehlaa". In Honor of the Afghan New Year and First Day of Spring we have organized a special event on March 25, 2006 " Afghan Mehlaa" for all to enjoy. There are no entrance fees (free admission), there will be no business of any type conducted nor, will it be permitted. There will be no sales of food or drinks at all that day, families are responsible for their own food and drinks. This is a true "Mehlaa".

In addition, we would like to have our Afghan American musicians and entertainers help, (whether they are young or old), not only to join us in this especial family gathering event, but also, to donate time to make this Afghan American community gathering a very happy and enjoyable event. Please contact Haroun Hebrat at 925-752- 6644 or Monem Kabir at 209-836-3307 or 801 -390-0982 with any questions or concerns.
